

# After seeing yesterday's text I guess its time...

Below is one of the random insult I would get.

My portion of this of course, a smany threats, were not on one perosn. While allof their of course was directed towards me. My enemies are a team of scammer., black mailers, and thugs.

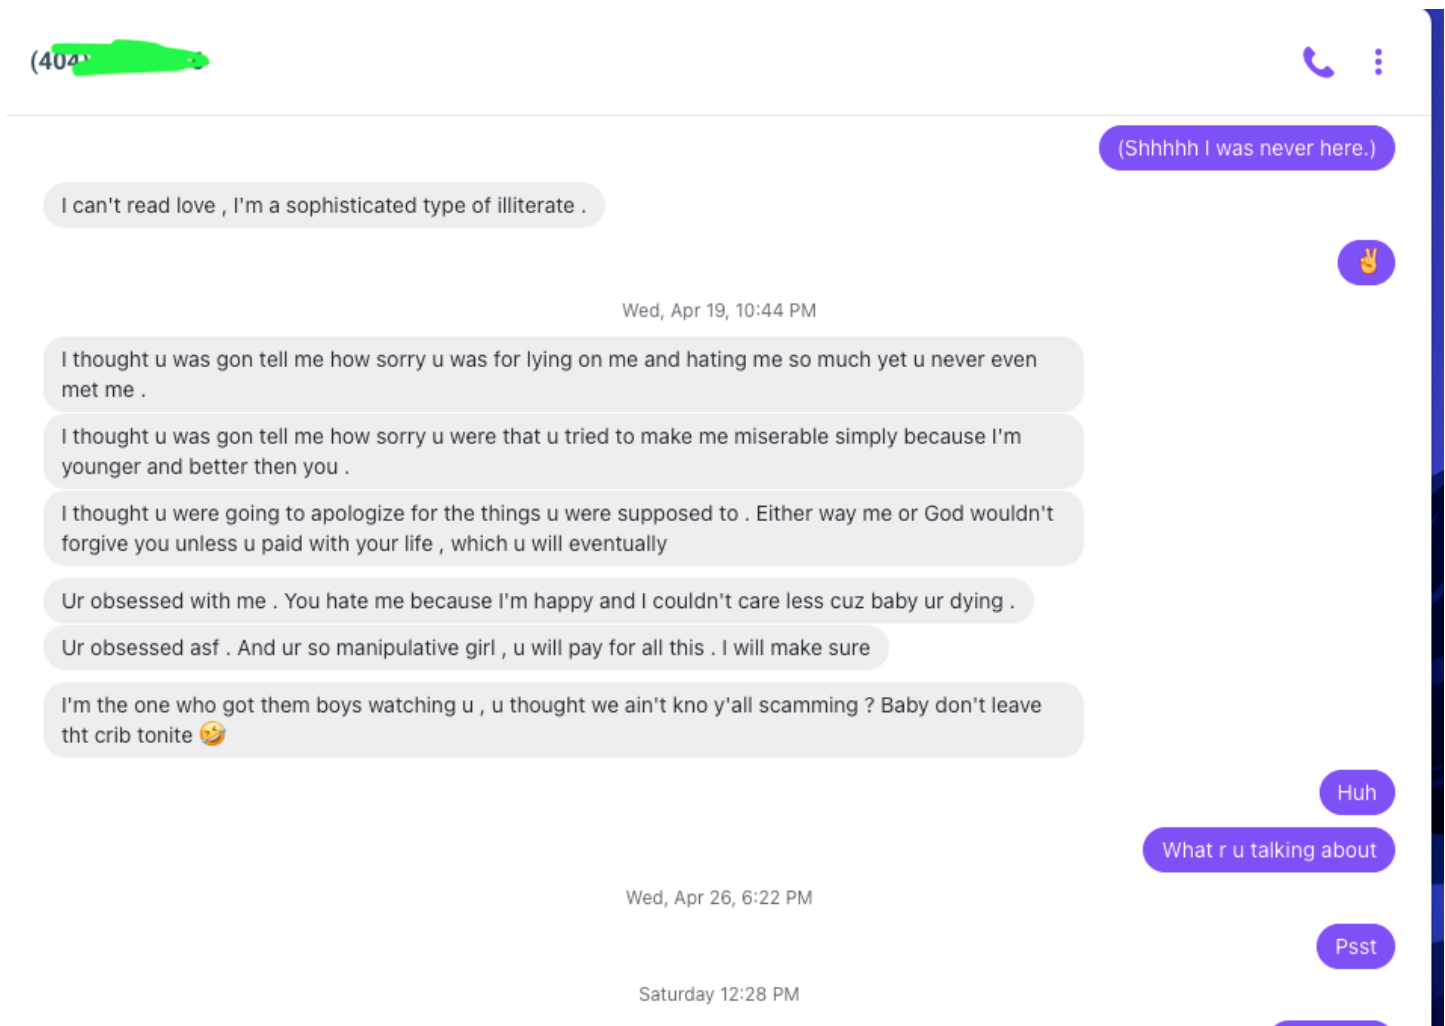

So unfortunately i have to get straight ot it. So In june or July of 2019 I get hacked. I couldnt figure out what was causing the bullsit, it ranged form pictures going hay wire and dupliacating to my devices being cloned to my laptop having some netowrk computer attached to it named suzie but then i disconnectd it fomrth ehome network, poof, everyhting crashed.

As time went by these things didnt stop, They got worse. But no one gave me a straight answer as to what was going on. Welll the most logicl answer tht I was given was that my phone was shaerd. And of course noone was goign to say anything. SO with that the women in my past bande togethr with th guys who I was wworking for and convinved them to sabatoge me.

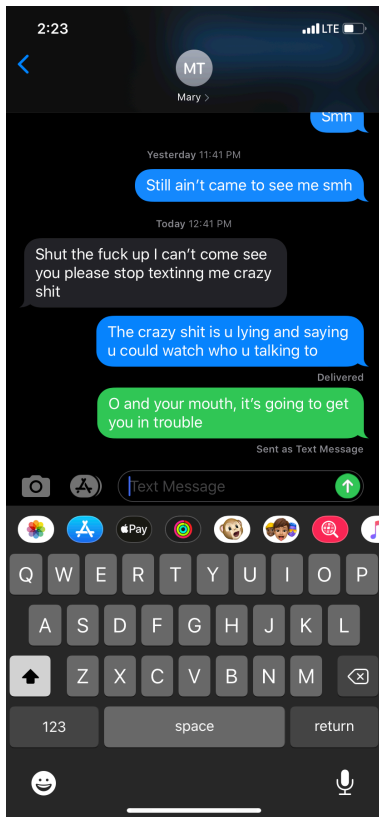

So here lies the truth. None of these people around me are my friends. they are in fact setting me up. As i mentioned when I satrted getting hacked ii reachd out to mr. carter He knew how to help me. Around October of 2019 I met a girl named Karisma Farrell on Facebook. She knew my phone was beinghacked s she stred at the towers one day looking at me. But she wasnt going to say by who or what. I know i was hearing someone was going aroud sayignthey wantd ot kill me. iM like huh. Why. Like IM not a bad person. ut i noticed severl people said I was mean.

Now before I go into this. its my prent s that hve cause alot of this. Im sorrry. I spend day in day out stressing like well damn hopefully i got all my shit covered with this. dman do i have every thing backed up. To me not being prepared is toture. Not anticipatinng that curve ball is toirture. Thsi right here, the pus pressure on whne im not makign money. buthtiswhoel time im being puched ot either or. they can understand that. If iw as oplayign a vidoe game with soemo- ne life,it woulfd sound like "them."

But see its thing s liek the last night bricmae over, i just so happen to be tlaking about her to Adrian. He says hols one, next thing i knwo she says come get her. Her strory aboutt the af- rikan had ot be him. Apparently rick had hisn reasons for being in it too.. But when Brandon pops up it maks since, They have been watching me all along.

So thats what one of the random girls online said. I have kno clue who she is. But its almost as if she analyzed me and my babay mommas relatiohip or hwo she may thinki feel about it, Which was slighly spot on. So no one told me what this was or even that i wass in somehthing until I kimda ekpt hearingitlike huh what am i in. They claimed I was in some program. The reality is they told every one they couldnt come see me. But wouldnt say why. Yet the following year owudl aact like thing things wre normaoil when they werent.

AND thats actually hwy I startd going off again in 2021.

So here's my thing clearly stuff going on. Why not tell me as my thing. With all that has Is taking place not one person has told me anything yet my baby mamas involved she's been quiet she probably moves on I'm like wait what what's the deal with Adrian just sitting there talking to me throughout the whole situation and what is the old is for why am I getting hacked? And of course everybody's putting it on each other so I don't have one person to go at. Plus once again what what was the end goal supposed to be me people just with enough enough not really telling me what I was supposed to be doing they kept throwing little games up but not really saying what would it were so I feel like the victim.

So when I start getting hacked, I tell Adrian hey man watch my back do you know so much about it? Because I couldn't figure out where the first few attacks were coming from after 2020. I just cut everybody off but him of course because he was only one that could help me out with the hacking so we became cool and all right cool well in all honesty, it wasn't until I got out of jail the second time that I saw a change in his behavior. That's what I said wait a minute this dude is against me. Then I get out they say one of them. fucked my girl. But then I heard she's been trying to set me up all along.

but this site smae for me no one knows the truth

target identified on oragen blssom trail

So, So, So, I guess they were talkign about bri. She woudl always yell and say you still mokeing that stuff and i wouldn't be. I remember her and carter woudl do the same thing they woudl make that clickeing noiee with the lighter to sy thats hwo they knew i was i smokoing butid ask well who was listening. Hed always act like it was just him. It was tild to me by Tenay that this was dont to get me to see. SO i know it waasnt just him. Someoen reached out tpo ev-ery one I knew. This web they form stratd when i went o probation. With Krisma Farelll. WHO JUST HAPPENS TO EB FRIENDS WITH. A COWORKER.

this goes to show you have been people are in Atlanta. They would know about a problem, but won't tell you and sit there and be a part of the problem and act like they're not which is Brianna. I've lost over 100 people to this issue. Subcourse he got missing today. But last night Brandon said something about 2013, but I first met him in 2013 to see what the fuck so you telling me from 2013 you guys been watching me and tracking me which basically means a big mamas that damn tried to play me the whole time because she knew it was going on. I just wasn't gonna , but basically my life or my son has been taking due to whatever this situation is. I need to be able to put this together though before I started the killing spree. There will be consequences for this.

So let's get to it I had to ask myself why would someone hack me why would someone do all of this when I say all of this I mean they did a lot they did a lot. They started with my pictures going crazy. They started duplicating nine times I went from 3000 pictures to about 44,000 pictures start overflow one Drive in dropbox and in my hard drive on the computer. I deleted all of them and then the next day boom they were back. So guess what kind of cut my attention and made me start looking at this as well as my phone going out for three days. well I'm on the phone with out for three days/. It went to the blue screen of death something I have never seen before and a Samsung so with that old and upload screen that I couldn't figure out how to get it out of that mood. At the time Samsung and Google were actually interested in what I had going on. I remember calling Samsung about something and they was like what's your account oh hold on yeah hold on and next thing I know I'm on the phone with them. I have like a 23 hour conversation with they were wondering which one of my devices standing third, so I called they told

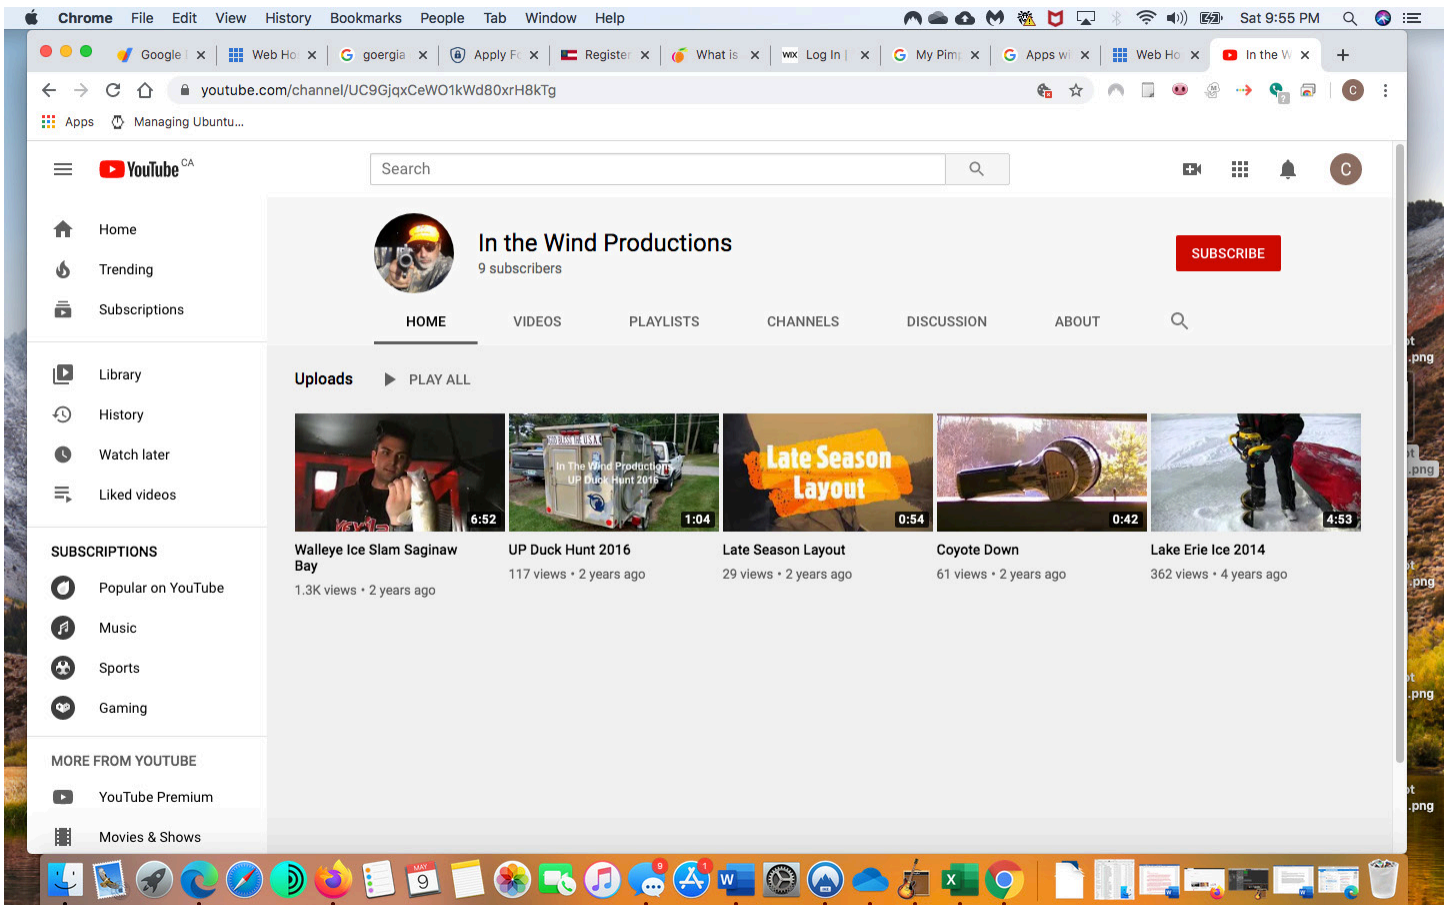

me to call Google play right after that. Call Google play. We had another five hour conversation. I have no clue what was done. But everyone tried to make fun of it. .... Then I called Apple me an Apple had a three hour conversation about it in the whole time. They never told me what was being done. FOr the Android the GMS core was being swapped.

This wrong gms core has a stroy behind it. For one, you wont notice it unless you turn the debug logs, Bt it also carries somethign that is cross platform so ir crosses between mac pc and android and ios.

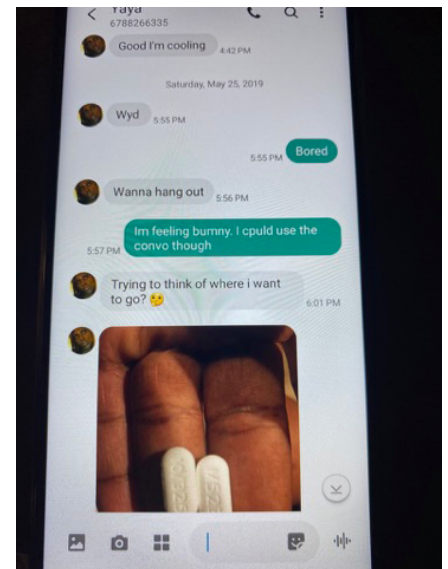

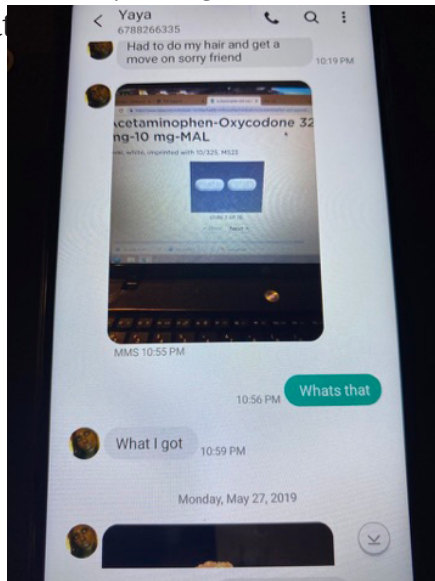

so dad that was a very unique answer. "Some thing is wrong wiht the system" id why you sent the text 3 time. You probably didnt see the text back that said mother fucker didn't you. Now mr bre-oni landed on you on purpose on pof. On top of that you see, highly educated from my "women of the past" They told em someone was going around with a female calling peoele saying they waste to kill me. SO iw ent through everyone knew searching for the person that wanted ot kill me, in the process the only actual response I got back from the owmen at the Time was chris get yourself together, yet none of them would say what happen or what put them all together. ALso during tht time I got accused of rping this girl nd she made fit seem like I drugged her. The next women I met, did the same thing and then lied sign I tried to have sex with her 13yo little sister. Prior to this i was on the road working ll the time, so I wast talking to one person in particular. Yet EVERYONE seem d to pop up upset. Or did they> I only see bout 5 different personali-ty traits. Dad you just sent the 3's but claim you didnt send t that. So what is attached to this hacked phone ad account. Whine when I ws released from jail princess urged that I dont return to ork. She said they dont like you chris. I said why not, he had no answer. but shortly after I was told not to return to work. Had it not been for my parent sid be homeless. Both my Mazda 8 and Mercedes r320 were tampered with, onthe Mercedes the wheel, and the Mazda had the oil let out in who th engine blew a rod. Ive been locked up twice on random occasional that I now see went so random with th expectation of a 3rd. While funny in the beginning to every one. People now point fingers at my job being behind all of this with drug usage being used as lever-age. The expectation for me to leave AV was already decided upon before going bakc to jail for a VOP. These text messages..... the messages that people say imharrasring them wit dont go to them, they go to a server where they are redistributed. Through Facebook to be exact. Where they are also posted for many people to see. To hear Vicki sy impressing for you, and to hear someone else say ""I wish I could help you"..... WTF am I in and why Severl people men-tioned this date of 2013. I cant rememebr 2013. Upon last talking ot my best friends. He said bro I know you like to be in control but you're not in control right now..... right..... so what is and why. Ive seen the impossible.... ive done every thing I cn to obtain aa women and a witness . For 3 years straight all efforts have failed. It was told me me my friens were laughing at me because im chasing my tail. Someoen goes behind me deletinng all the wierd and messed ups shit they say to me. Ive characterized my opponent as a bully, and a Tasmanian devil thats been following me watchign al the fucked upm shti ive done since 2013. What I do rememebr in 2013 running to Alabama after getting followed yb wierd cars one night. To be exact a Gary dodge caravan wit no tags or emblems driving past the Kroger on cascade at extremely slow speeds at 3am 4am inthe morning. Somehow brand and even princess is able to recall these situations.

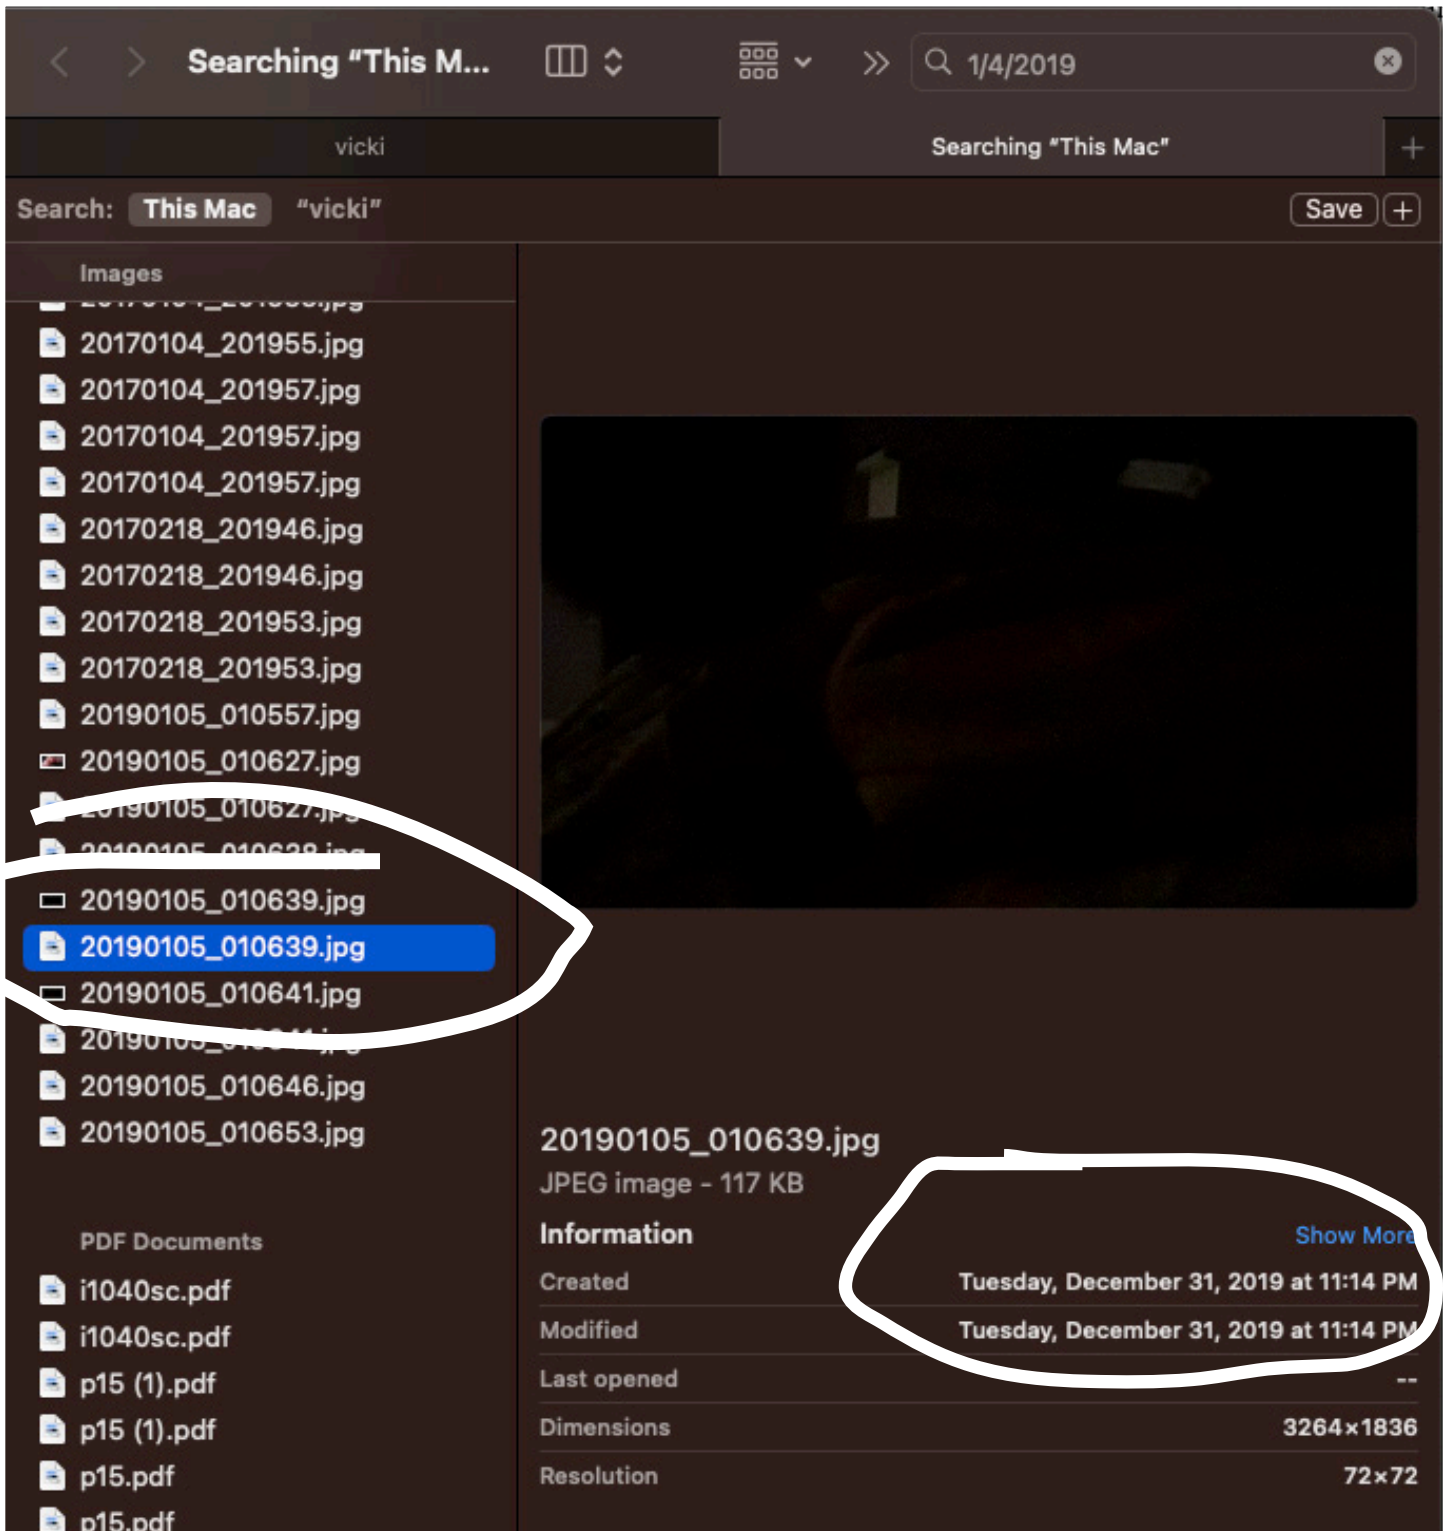

Here is soem of the stupid shit that was coming up that kinda makes you think like, well thats the nme i wanted. How did they manage to amke thsi account that fast and put this stupid shit up.

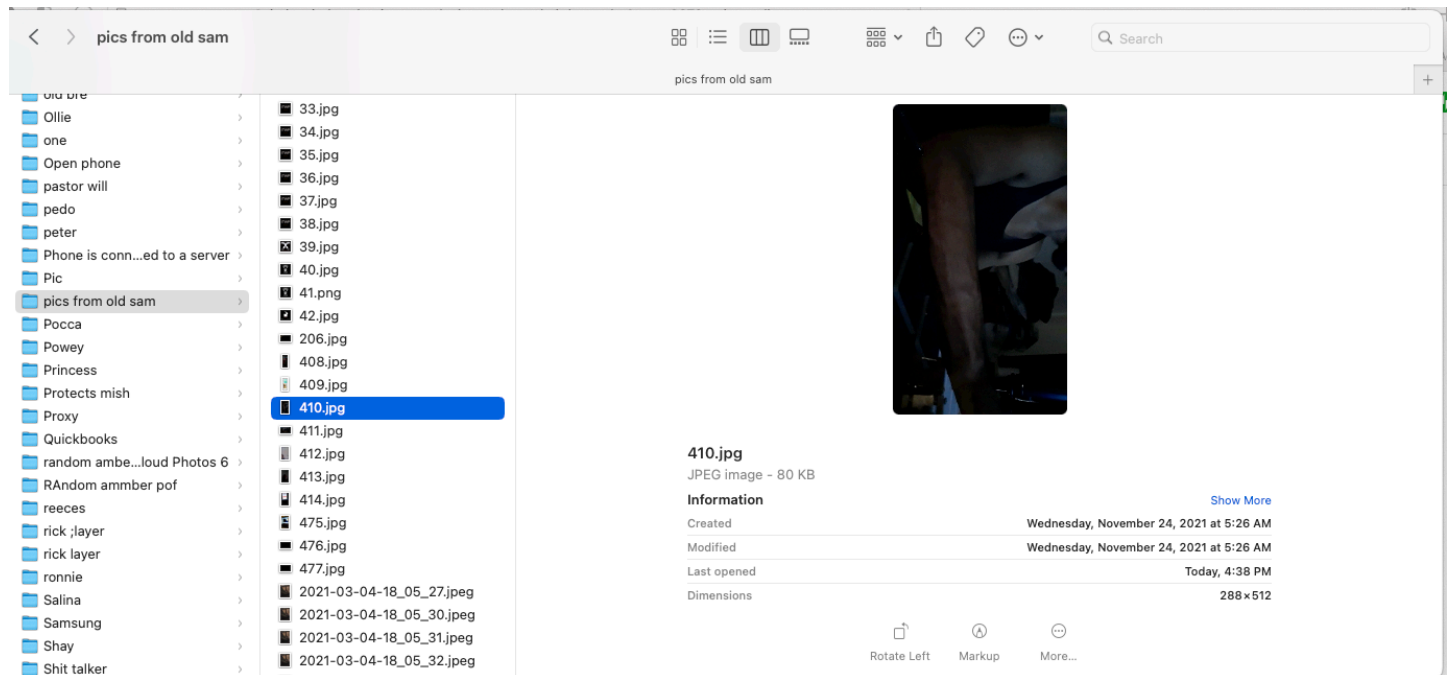

Someone said this was done to get me to see. ot see whats though. Cause what really happend was they all staatrtd threatenng me out of no wher.e Fro Judy ot be in on it old methere was some ryoep of intercept I didnt tlak to her in years, So why would she tell em to stop so- ing drusgs an that my life depened on it. I was already lonely. The women was already MIA. But traveling and being on the roa was the only thing that made me happy, ON July of 2019 yaya may have been the 1st. Actually that was in May of 2019 biut i was on the road with keith at that time. 5 weeks at 900 a week. I was also going through court cases. Al these case piled up at once. But hre is the deal, when I met mary it was in 2018. Mary used otnot let leave. she woudl want to sit out al night doing coke to the point where one morning my folks had to get her a Uber casue he woudlnt get

get out my car and i had a flight to catch. Whatever was taking place was already taking place at that time. I remember once when we were at her hotel and she had people show up. like 5 dudes and she claimed they were there for her friend. Which was some other dude she was talking to who she claimed wasn't there. yet when i came in it sounded like someone was upstairs sleeping. i couldn't figure out what she had going on. Her aunt told me to leave her alone after a while because while i was on the phone sleeping one night, she got caught sucking someone's dick in her living room at 5am one morning. Yet i was supposed to be her man but i couldn't even come in the house... So i'm at the airport one day and she sends a video of her sucking someone's dick.

With all do respect I had no control over the reason why I lost my family, my friends, or my so called women. For this reason. Someone, must pay the price. It's very difficult to see my son knowing his mother left with no explanation. No reasoning being anything other than yelling at me saying bitch bitch bitch. And the following year proceeded to hang up my face for the ending of 2020. Which upset she failed to communicate as to why she acted in the manner of which she did. That is hip and what these group messages got started. I was moving on the straight and narrow before this started, but someone failed to mind their business. So in the process they went around calling every woman I know, getting them pissed off with me. This was a true act of spite, ignorance, jealousy. And everything else/ if drug was the problem these dixie reatds made the problem widely known. Basically dry snitches. Bringing this shit someone attention who really knew nothing at all in a. Reverse effort to ruin my name. IUN reality no one cares if I'm high or not. The women online is a different story, that's when I realized these people

Here is another photo of some pics taken by the alarm manager. From all of this it is safe to assume that is what was taking the pictures. I had to use a camera blocker so block photos from being taken.

an see my calls. Or text or my screen. Then I noticed the woman I was meeting had a general understanding of who I was. SO I started to go one by one asking questions following the yellow brick road as I would back in the day. Of course all my so-called women were already gone, but not really, by them knowing I was online, the game reopened. The scammers stepped to the side and all of sudden everything became live in living color. I said wtf. See in Oklahoma I'd see the same people, but no answer on the call, and the posts were under different numbers. Now I know the game and how it works. But this shit was weird. Well then the post tried talking to me. It said wait. Mute. The fuck. You know what powy jump, the whole internet started talking to me. Powy had to be a AI wrote paper of some sort., that whole people thought I was joking, I waste fucking joking. so I'm chilling on the day, I turn, then turn, then boom.....

## **Protocol for suspension of placements**

### **1. Purpose of the protocol**

This protocol sets out the criteria and process for placing and lifting suspensions of placements at services within Powys and for responding to suspensions of placements at services outside Powys. It complements the protocol [LINK POWYS JOINT INTERAGENCY MONITORING PANEL](#) which sets out how the partner agencies in the Powys Joint Interagency Monitoring Panel (JIMP) will respond to escalating concerns with provider organisations as required in the guidance *Escalating Concerns with, and Closures of, Care Homes Providing Services for Adults* published by the Welsh Assembly Government in May 2009. Powys County Council Adult Social Care has agreed these protocols to meet its responsibilities as set out in the guidance.

### **2. Scope**

This protocol covers:

- 1) the suspension of placements by Powys County Council and/or Powys (teaching) Health Board at any health or social care service provided for adults in Powys. This includes both care homes and other services, whether provided by statutory, voluntary or private providers;
- 2) the response Powys County Council and/or Powys (teaching) Health Board to notification of the suspension of placements by another Local Authority or statutory health body where Powys County Council and/or Powys (teaching) Health Board fund the placement of people from Powys.

### **3. Suspension of placements and escalating concerns**

Any service subject to a suspension of placements should also be subject to the process for managing Escalating Concerns as set out in the *Protocol for Managing Escalating Concerns* adopted by the Powys Joint Interagency Monitoring Panel.

If the service is already in the Escalating Concerns process the Provider Performance Meeting may recommend the suspension of placements to the ASC Head of Service / the LHB Director of Nursing.

If the service is not in the Escalating Concerns process at the time a decision is made by the Head of Service or Director of Nursing to suspend placements, the process should be initiated immediately the decision has been made.

## Powys Joint Interagency Monitoring Panel

### 4. Criteria for suspending placements

The decision to suspend placements at any service should be made on the basis of an evaluation of the level of risk to current and future service users. This evaluation is based on consideration of the type and level of harm that may affect service users and the likelihood of that harm occurring. It will be informed by any past and current adult protection investigations.

The suspension of placements is likely to be indicated where this evaluation shows that there is a systemic risk; that is, a risk that potentially affects some or all of the current service users. This conclusion may be reached where no service user has suffered any harm or where there has only been a single incident involving a single service user. For example, a monitoring visit may find inadequate risk assessments and service delivery plans for a particular group of service users or a service user may be injured as a result of poor moving and handling but it is judged that there may be systemic risks resulting from poorly maintained equipment or lack of staff training.

The possibility of harm to employees and members of public should also be considered, especially if any are 'whistleblowers'.

#### Types and causes of harm

The types of harm include:

- physical harm
- emotional/psychological harm
- sexual harm
- financial harm

These types of harm may result from:

- acts of abuse or neglect by individual employees;
- poor practice by individual employees (eg not respecting service users' dignity and individuality);
- inadequate or inappropriate service delivery systems (eg lack of individual service delivery plans);
- inadequate recording and evaluation of care/support;
- inadequate involvement of service users and/or their representatives in care planning;
- inadequate links with external agencies (eg not involving social services or health professionals appropriately);
- inadequate staff training;
- inadequate staff support (eg lack of supervision, annual appraisals, shift handovers);
- inadequate staff numbers to meet the needs of service users (this includes the total number of staff but also the skill mix of staff, including where appropriate the number of qualified and unqualified staff);
- poor health and safety practices (eg lack of appropriate moving and handling equipment, inadequate laundry facilities);
- poor environment (eg inappropriate layout of buildings, strong odours)

## Powys Joint Interagency Monitoring Panel

- inadequate or inappropriate management (eg insufficient numbers of appropriately qualified senior staff, bullying attitudes from management to staff and/or service users);
- inadequate finances and/or financial practices.

### Level of harm

Consideration of the level of harm should take account of:

- the degree to which any individual service user may be harmed;
- the number of service users who may be harmed.

### The likelihood of harm

Consideration of the likelihood of the identified harm occurring should take account of:

- any incidents where the harm has already occurred;
- any near misses where the harm could have occurred;
- any relevant research or data (eg data of the average hours worked by staff that suggests the agency does not have the capacity to deal with expected fluctuations in the number of staff required due to sickness and so is unlikely to be able to safely provide the agreed service)

If the risk assessment determines that the level of risk to current service users is unacceptable the Provider Performance Meeting should identify actions under the Escalating Concerns or Service Closure protocols to remove or reduce the risk to an acceptable level. It may agree and implement actions taken under the Escalating Concerns protocol. Arrangements should always been made for the review of all residents by placing authorities and reviews should be offered to all self-funders / their families. If warranted , a proposal that service users should move to an alternative provider (whether or not this leads to closure of the service) should be made to the Head of Service and / or Director of Nursing.

## **5. Adult Protection, Escalating Concerns and Suspension of Placements**

The focus of Adult Protection is on the harm alleged to have happened to individual service users while the focus of Escalating Concerns and the Suspension of Placements is on systemic or organisational issues that pose a risk to large numbers of service users.

Where there are allegations that a number of individual service users have been abused or neglected, these will be dealt with through Adult Protection. However, all allegations of abuse that involve a service provider in some way must prompt consideration of any wider, systemic risks and, when appropriate, should result in a referral to Escalating Concerns. Where appropriate, adult protection investigations and Escalating Concerns and

## Powys Joint Interagency Monitoring Panel

Provider Performance Meetings to ensure to that there is an adequate exchange of information between the two processes.

### **6. Process for suspending placements**

It is anticipated that most suspensions will arise as a recommendation from a Provider Performance Meeting held under the Escalating Concerns process. When concerns are reported about a provider organisation an initial Provider Performance Meeting should be held at which information is shared, the risks are evaluated and actions to manage the risk agreed , including if deemed necessary recommending a suspension of new placements and review of all current residents. However, in exceptional circumstances, it may be necessary to recommend to the Head of Service / Director of Nursing the suspension of placements before an initial Provider Performance Meeting is held.

#### Suspending placements when the Escalating Concerns process has started

1. Where a provider organisation is already in the Escalating Concerns process, each Provider Performance Meeting must consider the actions necessary to manage the immediate risk. This should include consideration of whether it has become necessary to recommend the suspension of placements.
2. Whilst the Provider Performance Meeting may recommend that placements should be suspended. It does not have the authority to authorise the suspension.
3. Where it is agreed to recommend a suspension of placements this recommendation must be made to the decision-maker in Powys County Council , the Adult Social Care Head of Service and/or Powys (teaching) Health Board Director of Nursing , and is usually made by the chair of the Provider Performance Meeting .
4. Within Powys County Council the recommendation should be made to the Head of Adult Services or, in their absence, the manager of the Contract and Commissioning Unit or, in the absence of both, to another member of the Adult Senior Management Team for decision.
5. Within Powys (teaching) Health Board, the recommendation should be made to Director of Nursing or in their absence one of the Assistant Directors of Nursing for decision

## Powys Joint Interagency Monitoring Panel

### Suspending placements before the Escalating Concerns process has started

1. The concerns about the provider organisation should be reported to the Chair or Vice-Chair of the Powys JIMP. In their absence the concerns should be reported to an alternative senior manager in Powys County Council Adult Social Services and/or in Powys (teaching) Health Board.
2. If the person to whom the concerns have been reported considers that an immediate suspension of placements is required they should recommend this to the appropriate decision-maker in Powys County Council and/or Powys (teaching) Health Board.
3. Within Powys County Council the recommendation should be made to the Head of Adult Services or, in their absence, the manager of the Contract and Commissioning Unit or, in the absence of both, to another member of the Adult Senior Management Team for decision.
4. Within Powys (teaching) Health Board, the recommendation should be made to Director of Nursing or in their absence one of the Assistant Directors of Nursing for decision

### Sharing information about suspensions of placements

When a suspension of placements has been authorised the Chair of the Provider Performance Meeting is responsible for ensuring that the following actions are taken, although they may delegate responsibility for carrying specific actions:

1. Appropriate operational teams and staff within Powys County Council and Powys (teaching) Health Board should be informed of the suspension and the reason(s) for the suspension:
  - within Powys County Council this includes members of the Senior Management Team, the Managers of the Adult Social Care Teams, the Contract and Commissioning Team and the Adult Protection Coordinator;
  - within Powys (teaching) Health Board this include Locality Lead Nurses/ Mental Health Managers and Complex Care Nurses
2. CSSIW / HIW as appropriate should be immediately informed of the decision to suspend placements and the reason(s) for the suspension
3. The provider organisation should be informed as soon as possible. This may initially be by phone but must be followed by written confirmation within two working days. This should give the reason(s) for the suspension and outline the actions necessary for the decision to be reviewed.
4. Information should be shared with other placing organisations using the existing networks available to the PCC and LHB Contracts and Commissioning Teams.

## Powys Joint Interagency Monitoring Panel

5. Service users and/or their representative or next kin should be informed in writing of the suspension of placements, the reason(s) for the suspension and the action being taken to address the factors that resulted in the suspension.

In Powys County Council, the Head of Adult Services is responsible for deciding whether to inform the Chief Executive of the County Council and elected members and for liaising with the communications section of the County Council to manage any contact with the media. They may delegate responsibility for carrying out any specific action.

In Powys (teaching) Health Board the Director of Nursing or her deputy will liaise with the Chief Executive and approve any communications and media contact.

## 7. Reviewing suspensions

Provider Performance Meetings are responsible for monitoring the situation of a service subject to the Escalating Concerns process to determine progress against the agreed Developmental or Corrective Action Plan and to reassess the level of risk.

The reassessment of risk is used to determine whether to recommend the continuation, variation (eg where the suspension applies to part of a service and the evidence suggests this should be extended or reduced) or lifting of a suspension.

If the reassessment of risk determines that the level of risk to current service users has become unacceptable the Provider Performance Meeting should identify further actions under the Escalating Concerns or Service Closure protocols to remove or reduce the risk to an acceptable level. It may agree and implement actions taken under the Escalating Concerns protocol. If warranted, a proposal that service users should move to an alternative provider (whether or not this leads to closure of the service) should be made to the relevant decision-maker as set out in section 6 above.

## 8. Varying or lifting suspensions

The Provider Performance Meeting may recommend the variation or lifting of a suspension. It does not have the authority to authorise the variation or lifting of a suspension.

The recommendation of the Provider Performance Meeting should be made to the appropriate decision-maker in Powys County Council and/or Powys (teaching) Health Board as set out in section 6 above.

If a recommendation is made to lift a suspension, the Provider Performance Meeting may also recommend that this is made subject to conditions that it

service users who may be taken on by the service in a given time period or that it may take on service users with particular needs and not others.

### **9. Suspensions placed by other Local Authorities or Health organisations**

Powys County Council and Powys (teaching) Health Board will usually adhere to a suspension of placements made by another Local Authority and/or Health organisation.

When information is received that another Local Authority or Health Organisation has suspended placements with a service provider outside Powys the person receiving the information should immediately inform the Contract and Commissioning Units of Powys County Council and/or Powys (teaching) Health Board.

The Contract and Commissioning Units will confirm whether they are funding any service users at the affected service provider. Where it is confirmed that service users have been placed this information will be shared with:

- the ASC Head of Service
- the Director/Assistant Director of Nursing
- the Chair and Vice Chair of Powys JIMP;
- the Shire Manager and Manager of the Powys County Council Adult Social Care Team that provides care management to the service user(s)
- the Locality Lead Nurse/Mental Health Manager and Complex Care Specialist Nurse that involved in the placement

The decisions whether or not to suspend placements and to arrange for all residents to be reviewed will be taken by the Head of Service and the Director of Nursing

Information about the suspension of placements and of any actions taken to address the reasons for the suspension will be shared at the regular meetings of Powys JIMP and, if appropriate, with the Chair and/or Vice Chair in-between these meetings.

Where appropriate and practical, employees of Powys County Council and/or Powys (teaching) Health Board should attend meetings convened by the other Local Authority or Health organisation about the provider organisation and provide feedback to the Powys JIMP.

UNBLOCK ASIA

SOMETHING'S WRONG

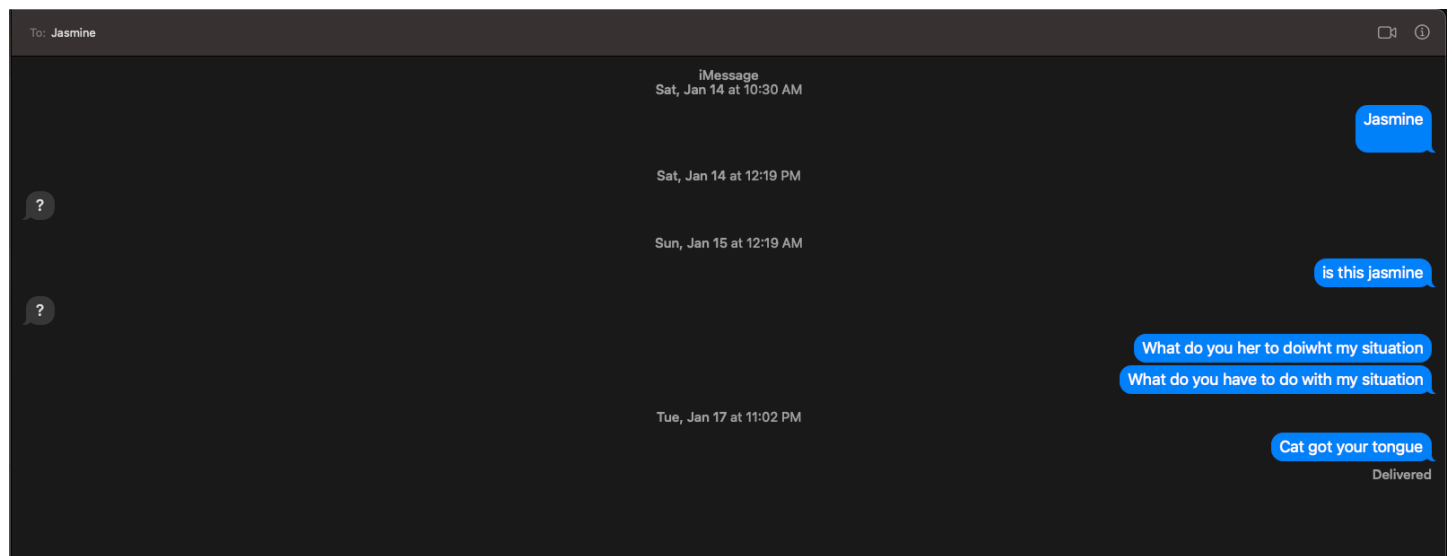

But anywasy, here is how my web works. She is the key an he link to anythgin els ehat comes. anything ele thathas wache dandlearned must knwo her or of her. right.Soifi keep her theni haev a link to the next . But asia, whiel laid back, aint no dummy. You not finna plsy her.

She managed to call after the incident with gunz. And see thats annother thing. MI met gunz first befor anyone because i said now hold on, somethign seem d offabout her story ani figuredthis had somethgin to do with the transgenders given jasmien said home health.

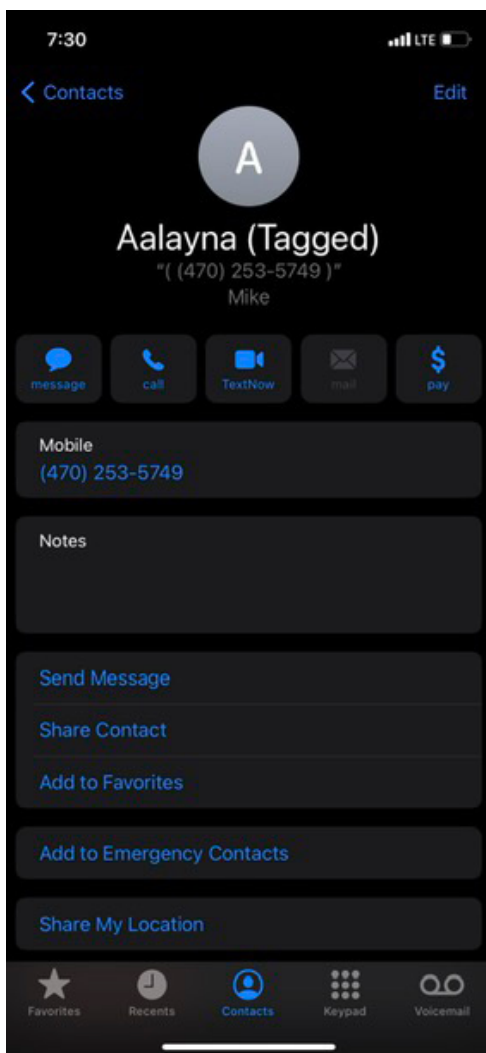

Oh boy wait, yeah so yhs another one Jasmibne. back when i was rollingwith TK and reeces. Mellos from cali and and d few other i used to being by JAsmines Id sit put side th eroom whielthey did what tey did. I guess i wast allowe to par take.m Idk, didnt really carw. But when the wierd stuff staretd I recched out to her and sh eimmedialy said Hioem helath I said wtf. WHat is home health. AND ot make it so bad she wasnt the only one that said this.A few other duign that time said it as well. Thismenad i was alreay taregt.

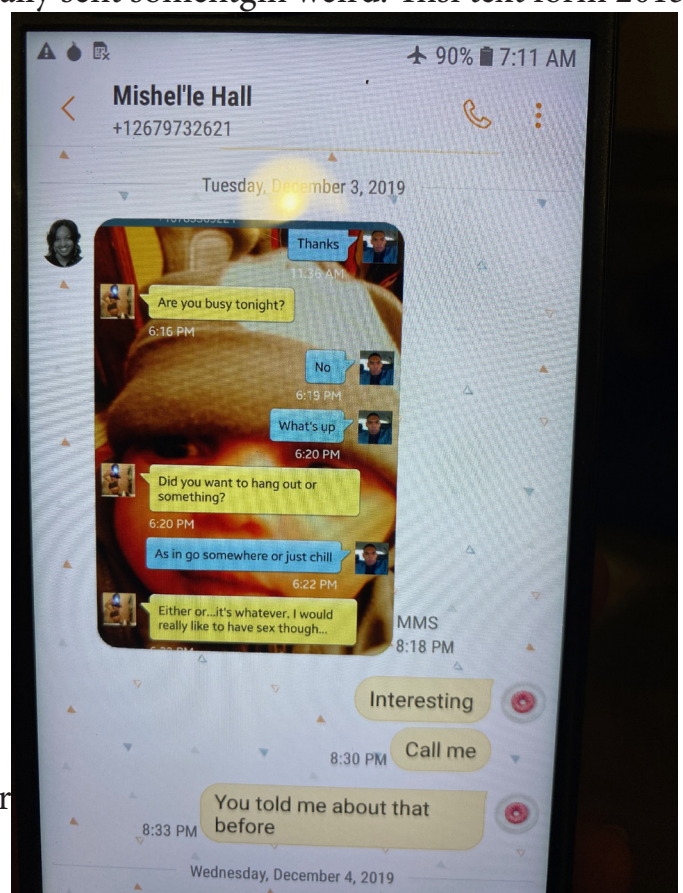

right. Right, But see jasmine claim she was working with police in some other state doing conventions and helping them do something. I said oh cool; We agreed to link up at some point when i got back. Of course i was just talking. But something strange happened. Which actually

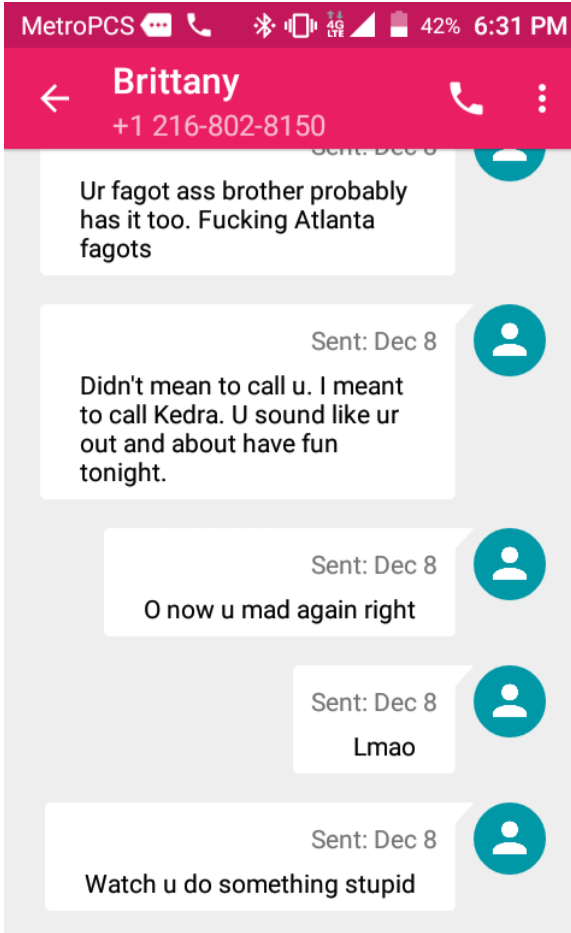

was quiet common for people that i was going to talk to. In fact, which remind me it may be gone now. but aalayna, who was actually mike, I reached out to this person one day and they were able to tell me what i had texted a few months prior. Which was to fuck them kids. Something i said just to stir the pot knowing she would say something back. But she didn't. In fact during that time she actually sent something weird. This text from 2015 or 2018 was sent to me by here.

So seeing all of this along with the power jump story was quite spooky. But to make it even worse the stuff i was seeing stayed on a specific time schedule. I remember Eric saying they can see if you move to another device or not.

All these people that pis trying to say im gay. No No no. Now see in 2016 I said this Thsisi

what Brandon is upset about so my story seems to eb that after all of this, they linked up with Mariah. Areound this time I had a lot goign on. As a manI kenw my pleace was with my kids. SO for me to have to come back to AT-LANTA I WAS PISSED OFF. The reality was beginnign to settle in. On top of that I had MAriah gogin off. After I spent the Previous 2 years invested in her. ulitimately had i nnot i probanly owul have founf a way to survive down there on my own. But no takign her onmeant i had to catr to the thigns thatv made her happy. ANd msih wasnt talking abut nothing sooooo. Yet igave up school and my grandomther house to fgo down ther.e Which make e now even worse becaus ei have nothging from trying ot chae them and amje sure hey was good. Like mariah said thought had i focused on my self i owudl have been straight, But on theflip sie it wasnt tpayign enough. See whiel all the women came toegethe, what was iu realyy gaining from one of them. nothing. I was the one always giving.

Everyone that is telling me to move on has no commitment. They have no consistency. Im expected to move on for somethign that has taken place int background for the past 10 years. 10 years of my life altered for what pupose. All iv ever done was share my knowledge and experience. Some how I mysteriously become bfamous beyond my understanding while aimlessly seeking truth. Ima fucking machine. I have no emotions. Emotions get you killed. All I see id the goal at hand and where I ne dot go. But whenn my perception of relity is altered... without a compass I cannot navigate. My son and his mom has always been the 1st goal. Look at every one who is successful, they have obtained and secured a womena by their side which cut 50% of the bulshit cost men incur. Once oyu have a women you are able to focus because your wants and need fop companions subsidess... Mish didnt notice I had to reset when goign to florida. Mari-ah was too young to understand that. I had 2 Jasmynes before her. And one after her, jasmine evans, Jasmine evans an Breyoinna was my mental outlet form having to babysit all day, Thats when you mentality shifts and you learn to bring everythign together. But its all awavee, you gotta hit it hard adn roid that bitcjh whiel you can. During that time, oyu gotta so what you gotta do which id set your self up for the next wave because you dont always hve contro ove where ot nott ht wave is rip[[ed form under oyu. ION 2019 I didnt get ot see any of my friends Yet when I sat down for cove they were saying they couldnt come see me. For hwta reaon imnot sure. And thats the thing. Everyone said mush was behind thsi. Yet but the rend of 2020 every one wassaying she had moved on. But no one tol dme whatv this was i was in So ltimately i get played inthe end, loose my career and all and ive doe noth-igin buut try to dothe tright thgin my whgile life.

Well when this jumped off in 2020 peoepl were popping up upset and cursing me out, I couldnt figure out why or what I did. Whiel bpeopel say i dont hav nothing I ad to draw down andd release that pimp mentlaity. WHen i wa s17 my 1st girl got pregnant buy someone else around christman but didnt tell me utuil 3 months later after i had given her a promisse rign for Valentines day. That pissed me of. I was cuttinggrass a t the age of 10 so I used to pauy her phoen and a bunch of oithe shit. While people say i had some fine ass women, they wasnt fuckig with me like that.

+ 18 and up only

So how does the free site make more than the paid site.  
.... lol Im not telling. But I got mines.

Now ho does this tie in, they basically kicked meto the curb. But ther were many occasions where the trans had money and the women dont. The girls whie still bustin \$60 plays you got some trans at \$400 a session. So whats more lucrative these bitches whiththey legs wide opne playing with theyself. Or chicks with dicks. Which rememebr i s fetish. A commodity, An see black t grls you got finsd a model a photographer then pay thme naw fuckal that. It aa esier way.

But as am,an you must curse that temptation. If not oyu get ide tracked. Thats what mariah did for me, allowed meto focus moore on building somehting rathher than chasing every piece of ass I saw. Until of course it becausme soley abouthr and there was no progreession. She became nmore fiocused about hair and nails than anything. SHe couldnt get over th ehump. SHe owuld see 2, 3k and get happy and boomit would be gone in 2 dyas. So i couldnt make it to the next stage with them. why bbe- cause of time. If oyu take to long to produce tje fruit peoeple hve ADHD. Now here ei am at 33, and have accomplished nothing.,

With my company i wanted too used to ie the website to cover muy payroll and other bullshit operational cost. SO i coul focus more on growing the business. Se unfortunaly all i know is AV. So in my mind My thought prooces is on flipping gear for shows. If I make 30k in the streetsm thescorpoarte companis got it thy do have to wokr up to 30k like a nigga does. ima get my money in 30 days. Thats why lest say these owmen out here that got it, boom letm emhold that, give iot bakc to thme in 30 days, I take what ever the mark up is which lest dya is half. boom. Noe i got 15k. do i one more time now ion need who ever lende me the money.

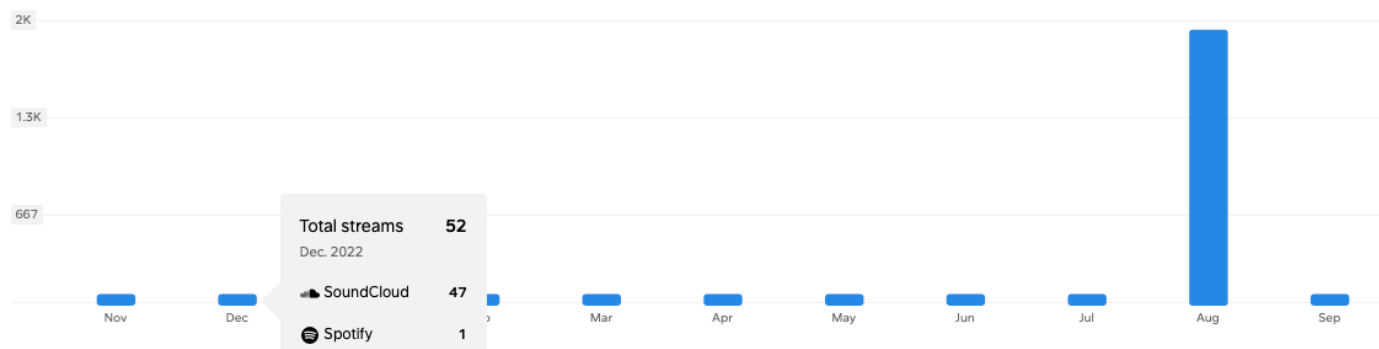

Now afte the next 2 shows boom,. I got my own compnay andim putting every onewhoi helpoe me inthe process. Probelm ois u tell someone your plan and they play you for itthinking damn thats all it takes I watched Charisma so the same thin, Turnedaround and she waa son porn hub. like

Like hold on though oyu tod me you dont want nothing to do with me though and what I was doing liek iws some bad person. Yet you doing the same shit, Draya Kendall Logan or what evr she calls her self same thing. Her roommate angel or natalie same thing. All these peoele iev helpd oor givnen advice to at some point. Gone., Now i see they living pretty good andmbeing told i gotta start bakc at the bottom, But this si how i know ive had a blick up. Somethign over the past 3 yearsv has been holding me back

Hey bro, this is chris. The real me. You know I'm going to have to take action against what happened right?

What happened?

well, mish had spyware on my phone. they also paid someone to have this done. they threatened me and thought it was funny but i dint think it was funny. At the time mish had my full respect, I took a full-time job and a pay cut just to have more consistency for her, well, they ruined that job ffor me, stole my bosses money, and then went around and called everyone who i was talking to at the time to tell them only god knows what... and a whole lot more.

the full story is online should any ever click the links, ive been trying to clear this up with mish sine all this started. every unsaid i had beef but didn't say who. what ever problem mish has she should have come talk to me about. if i prosecute this case,im trying to exclude her, I cant even talk to her and she still has me blocked from christian. Dude, i woke up one day and all this was happening. she has all the answers.

In my opinion you should have access at least via phone to your son, I'm working on it.

right, well, unfortunately, Im very big on right and wrong. now when i 1st said something, no-one said anything, but then after going around and asking, turns out everyone knew but me. Yet, no one told me. Mish was the only one with access to our house. this can be settled between me and her given she speaks on it. If not, well, someone snitched and gave the police my location and actions as i was moving, they pulled me over 3 times. i had a gun because i was being told i had beef and all this weird stuff was happening. They also blocked my probation officer from calling, and left jail images in google photos. im not sure mish understands how much evidence i have. For her to pull christian from me for somehign she did, is not right.

and her arrogance, the fact that she can see something and develop an opinion with out going to the source itself is amazing, she's not from the streets, but she was watchign the streets in play and didnt know what she was watching. she killed everything that was mean t for her.

But when I go back to jail I have to tell the truth

Oct 4, 2021 at 8:32 PM

I'm reaching out to let you know mish and I will bump heads soon. This sucks

She's not being truthful

When you hear the full storv vou to will be

When you hear the full story you to will be upset

The fbi says I can peruse this if I want

During the time you thought I was "trippin and couldn't get my shit together" my baby momma was in the background working against me. When u have known me my whole life but then turn around and walk out like that it says alit. Amber I wasn't talking to you. Someone spoofed my number and was texting on my behalf. so lets say im your man or not ..... but our relation ship is for one time out of the month, you come over, squirt on me (which is honestly nasty) , but only takes 5 minutes and then you leave. And i say ill give you \$828 a month to do it..... i bet \$1k, not one of you would. if i said why not, you wouldn't have an answer or reason other than that you dont want to. in my mind. if 5 minute gets me \$828 a month then let me find a few more people right. I not a pimp, porn star, none of that. im a straight business man. But i sat here for the past 3 years and really before then, and used the same exampled and i watched as 100's of women turned me down told me "blocked". Told me "Bye". To the point whereim wondering is it me or i it yall. CAuse at the same time these women treat me like shit. well when i got some money i said let me spend some, anf dse if they belive me now since i can show that i have it... that aint work nither. i said well damn. well lets say i did this with 5 women, a nd was successfull. thats 4140 a month.5 women, 5 minutes, each. 1 day ouit themoney

now when i look bakc. i see everyone stole my idea

Someone claimed this was done to get me to see. See what, that every one is basically here to play me. When I got back from Jax Matt and Jah Jah were the 1st two to go. They said I said something about them to one another. I'm like no I didn't. Then I lost MAREE. Then Darlene, Du-mantre, DJ, I've lost a lot of people over the years. Princess some how can say how do you know so many people. A better question is how do you know I know so many people.

For Steve to pop and say bra they don't think you can stop on your own.... but no one is saying that, then are the people worth keeping around. For the job or any one from the job to have this much invested interest in me, there is women involved. Which leads me to believe this isn't over..

For the phone they probably went to the phone company. My documents and phone numbers they are sucking out the iCloud. The redirects on the browser. The accelerated processing. They got me tied up as Kevin said. BUT WHY. Now I hear it to teach me to stop going for the same thing over the road I'm getting the same thing. I doubt it because this is a specific group of individuals. Their purpose I'm not sure,. But maybe they were able to tell me I was back on the dating apps. How would he know.

Here is the thing, my new phone doesn't send group chats. they found a way to disable already. I think this person knows that use them on my ass and on a daily basis they're changing shit so I can't cover my ass and tight now I can tell if that's a good thing or a bad thing... I'm not getting any room to breathe and I just can't take it any more.

We help then you turn around and stab us in the back. NO MORE!!!

I try to help people out as much as I can, all everyone that's saying I'm mean knows I mean business period. If I was mean it was to help you out... you in particular always said I had to much going on but I say here all year with no one to talk to but yet, I got to much going on. This is the type of information I'm trying to get from everyone but instead y'all are feeding into it

Wtf

And u were at with witness all long but now u tired to their side

Melanie what's wrong with yall

That's why I keep threatening cause it's the only way to get answers

I've been by myself all year

I'm confused,

Deep down bra I'm coming at everyone one nicely but y'all steady on some other shit. And they keep saying someone is upset so I'm assuming it's you

U know how miserable is when when u go do the right thing and y'all act like this

At the end of the day y'all way my friends so Wtf

If you keep coming at everyone nicely and everyone is doing the opposite that should tell you something about yourself. I don't know nun of these people you keep tagging but were all thinking the same exact way..

Melanie no one is responding though

So call me let me explain why

Chris I got so much information on how you been threatening whatever you try to pin on me im sure it will be over ruled in court

Y'all talking to each other but I can't get through to anyone

Wait a minute I thought this was about mish

Because this was told to be that it was her

Bra there is 20 times more than what you think

It wasn't me at 1st

Type a message...

Melanie

Melanie I've always been ya friend. If u knew why I hold onto u u wouldn't say this

So I'm blocked from. Not acting people idk how but I am no one responds

So I send stupid ahit

But now I hear y'all are getting it, someone called the other day and said that's ducked up what they did to u but who and what

As of now honestly mish and karisma are the only 2 I'm worried about and I need to make sure this ain't mish low key trying to take my son

That's what it seems like, I all this shit came up I was on the road

I back up everything I do on camera

No one fucks with me bra which is why I allways did come back to you

Melanie I struggle on a daily basis with not having my son

And u know everyone in the messages

And my feeling been hurt since last year if u can't tell

I don't want to hear your sob stories you know the type of person you are and you have done plenty of fucked up shit. I don't know YOUR friends from 5 or 6 years ago. I never hung out with them outside of you shit some of them I never met. Stop putting me in your shit. I have not done anything to your ass. You trying to seek attention the wrong way. You been pushing me away

I keep telling you character is everything and you showed me who you are and I don't want no parts of that. Whatever you gonna do do it and leave me alone cause I'm not fucking with you at all

Melanie no one cares about me. I just want my son

Then this sounds like a conversation you should have with the mother of your child....

And you have more than one

I know but u know Christian is my everything. I mixed that song with him in it and u can hear the frustration in his voice

Did u atleast see any of my videos

Melanie's I promise you have the wrong impression of me I see I just text everyone what it man no one gives a fuck bro

Av is out, I haven't worked all year I agrees from not hanging my son

And believe it or not ur wrong

Type a message...

Melanie  
(919) 638-3789

I actually made you something

Wrong for what?

Please explain you been harassing me

If you have been watching the website u would know

All year and I haven't seen you in years

Melanie it's all for good reasoning

Whats good reasoning

Yeah but you faded half way though

Faded

Bra this has been going on for 2 years

4/20/2018

But you been hitting me up this year

Chris you really think I hacked your computer

Bra, NO ONE will come see what I can do, bra they were intercepting the messages as we would be talking

Melanie I know you didn't, but I'm everyone is saying it's by bm. When I texted her and her family together I hit jackpot, angling with yaya, and bre owes me 420\$. See mish called last year saying dumb ass and acting crazy. She told me at Christmas be merry before I ruin your peace. She don't see that if it wasn't her then she wrong. Who ever did this text my boss and told him I quit

They had the feds looking for my device because they were making calls from it, all while all the people who are supposed to be close to me is saying stuff like take this as a sign, a sign for what, I was out of town almost all of 2019. For the past 2 years women fade after 2 months. They all say the same shit, so I finally caught on, then my dad and will got those text... bra the whole time I've been in a tinny room singing and making gospel music. All I wanted was a friends

But I hear people are saying they know I'm over here with no one to talk to, meaning this was all set up and planned. But it's a catch 22 cause if Theo ever this was is trying to get back at me by going after my friends, I was told I had no friends in the beginning

I got a whole extra charge and warrant behind basically doing the right thing

Type a message...

Melanie

ever else I needed

Now I'm trying to tell people what happened and they either still hanging up or don't believe me. I have no reason to hack anyone but my baby momma, year after year I'm loosing time with my son and she act like she don't care but then will turn and say take car of yo kids

Chris you love to say it wasn't you texting everyone but your the one that is calling your the one that's been threatening people... You should stop making excuses

Chris you clearly been hacking my phone

Not this year melanie

I promise you on my kids

Not this year what

And I really don't know how to do what they are doing

Yes you do you bragged about it

So this started last year, last year on this day I was driving though Arkansas when my bm texted me a pic of me texting Carlisa. That's when this started.

And trust me, this things is blocking my call and trying to cut me off from women, karisma is running around saying I taped her and we never had sec

I found a Facebook page on the dark net with my sons name on it, everyday it's was something different. Every time I tried to used the internet or phone that would either stop or idk.... the probation lady said she couldn't call me

I hear this is from florida

Chris idk what you talking about

Melanie I'm not doing to well my parents kicked me out cause they didn't believe me now they see it but are still oblivious

Who these people were they ruined my work reputation

That's what I'm saying ain't no one asking the truth I'm not going off for no reason

This shit has a lot to do with mish childish petty ass

I know Mary and yaya are tied in some how but that's it

And all them people in that message bra they don't care about me that's why they call each other and gossip instead of me, they know what's going on

Melanie  
(919) 638-3789

One women charge you for sex because of the women you go for not only that your a pimp what do you expect.. Two hurt your feelings you sound like a big ass kid. You keep playing victim like you ain't do shit. Chris i know the real you not the water down version. Three im happy im not the same I'll be stuck in the same situation dealing with the same people. I move on my own terms. I think it's a problem if you still the same person after all these years... Let that sink in

Lol eh you caught on

Lmao bout time someone got it. No seriously I wrote about how feel about you

Im glad you caught on. Now please stop playing victim on my phone. You know who you are and what you do or have done

Melanie ima keep it real though, I only guerilla pimped in Florida. That's why I was telling y'all not to leave me alnor

No no no, u still have it wrong, I track every dollar

Every dollar that you got from girls selling there pussy

What

Melanie the only think u. Plus be mad at is when u stayed at ur old spot and I seen u after that so u can't go back and get mad at that

Chris you was a pimp in Atlanta too. The fuck thats where you started

What.... Melanie how many girls have I had since u got all the sense

How though go ahead?

Tell me how?

Its funny how im like everyone else but you still hit me up

Never told you

Because I believe in sticking by people

Clearly that's my problem

I'm a firm believer that everyone is not going to make it to the finish line in your life

I'm asking you to not stick by me m. Because I don't have any feelings for you or towards you anymore

Actually no one does, people come and go in seasonS. Meanwhile your the only girl who ever tried to talk to me 1st, so I keep you and try to treat you right

But I needed to find out who did this answer am still do, this whole situation has been 10 times worse on me and my family Than y'all think

Why I think I had a pastor in the messages

It's been one thinking after another. Everyone kinda has came and apologized but u mels. I was just being nice trying to get a old friend back but u trippen of the deepend.

Our women are sad. You have seen none of the positive work I have been doing.

I was just talking good about you too

U never took to thine to get o know me..... oh shit

And notice I bounce between the same women

And u really did hurt my feelings

I'm have not done anything to you.. so me apologizing would be me admitting to doing something wrong that I didn't do... That makes no sense

I didn't say apologize. Melanie I was gone. Outta here. I was focused. I came back to all this be.

Bs

Melanie this is for you

R melanie

i christopher robinson certify this was me in this conversation for all legal purposes. after tryin to contact steve several times on his birthday i was told to use someone else's device. over the years i've reached out where he claims to not have received certain text along with my parents and others.. my goal here is to prove the man in the middle. it was told this was done to get me to see, yet the consequences and effort placed into this surpasses my financial and practical worth. i've been left in solitude by these so-called friends for 3 years where i was told they could not come see me and other proclaim i'm in some program, i never asked for neither. the is my son's mother has evaded answering to anyone this for a 4-year period. any one who i found to be a witness to help my case was either on their side already or intercepted.

NOTICE THE YOU SPY in the SIP.

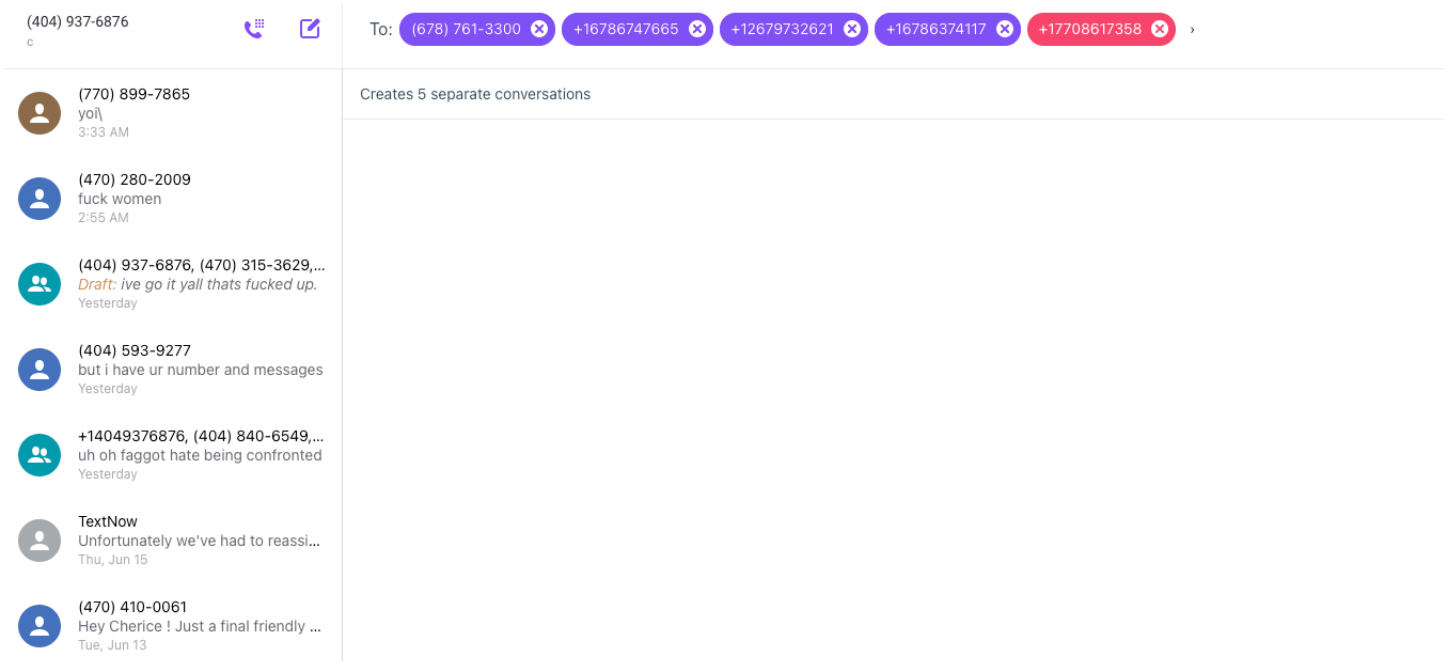

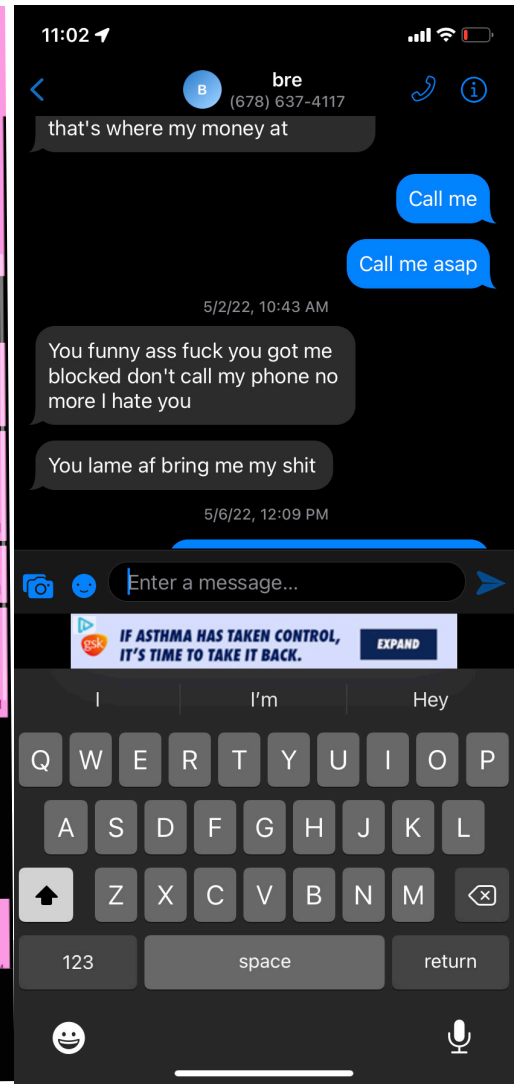

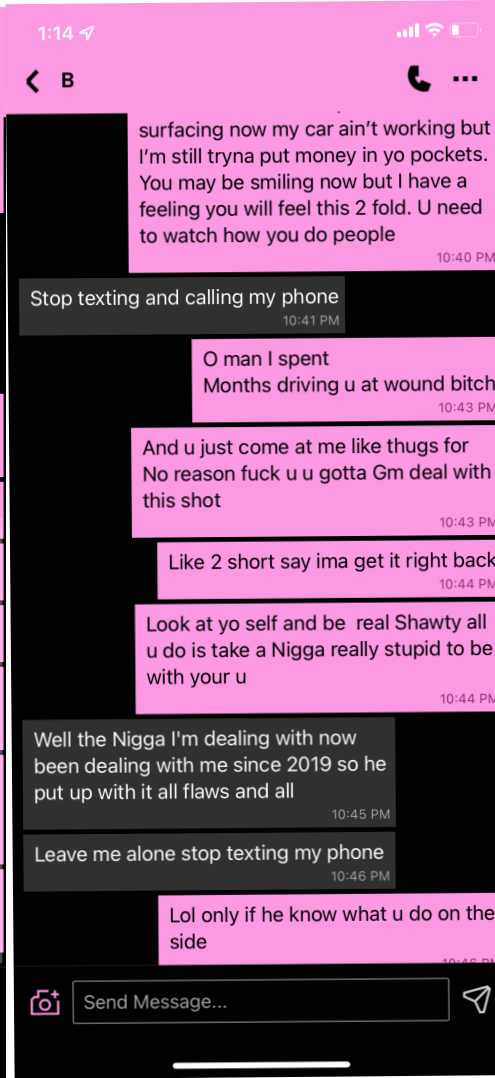

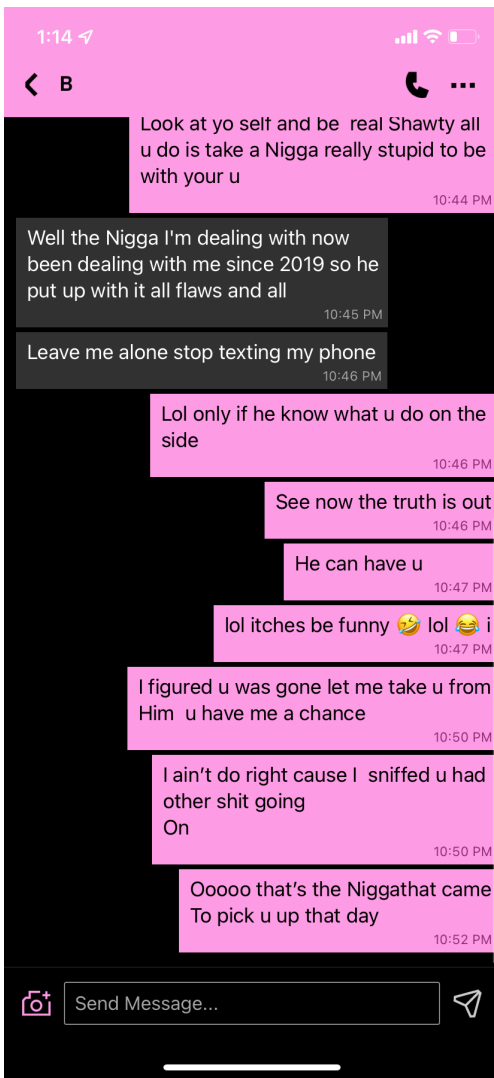

The time is noww 5:27am 10/4/2023. 4years ago 10/3/2019 i said imnot going to let anything tajke me ffrom my son and hs mother..... I aslso noticed my friends fadidng out. i remember yaya started saying i was gay she started talking shit. Melanie started talking shit. Salina came to the resque. Tk was talkking shit then came back around. Tenay saod someonee was going around saying they wanted ot kill me. Soeoene was otp with karisma sauuying they wanted ot puncj me in the face. Aiha was yelling at me saying get my shit together. Antoinette had just faded off. Reeeces faded off. Daricka was iontercepted, amber ws interceptrtd... carlisa anw-ered and said to stop calling her., reeces said she dont live tht life no more, shay aka money said i needed to chill, mary said ineeded to chill, jasmine tried to get my address then faaded out, the other jsmine ssaid home health, the trannyin oklahoma shoudl have been killed, paige faded, jmoiya from pof faded, nye faded in 2018, kristen fadedin 2018, marwe fadedin 2018, malisssa fadedin 2020, the gay folks amber michelle pop up selling drugs, mish hs to be following be-cause miichelle hd on ponk tutu, i think thta whne princess popped up too, karisma popped up 2019 and faded, mish hd the 1st leg, saying something ws goign to happen to me becaue of the cards i delt along with karismaa, they probelem was howi terated women.... mish sid youll hit a womena but wont hit no nigga, princesss daw the wgon go past and jumpoed on it. i included bre in a text, she silently jumpedon it to. 2021 was sikllen t but by the end of 2022 they were all still lurking casuae yaaya sid findn a new girl frind. i speant a year in tears wondering what hap-ened to all my friends in 2020.

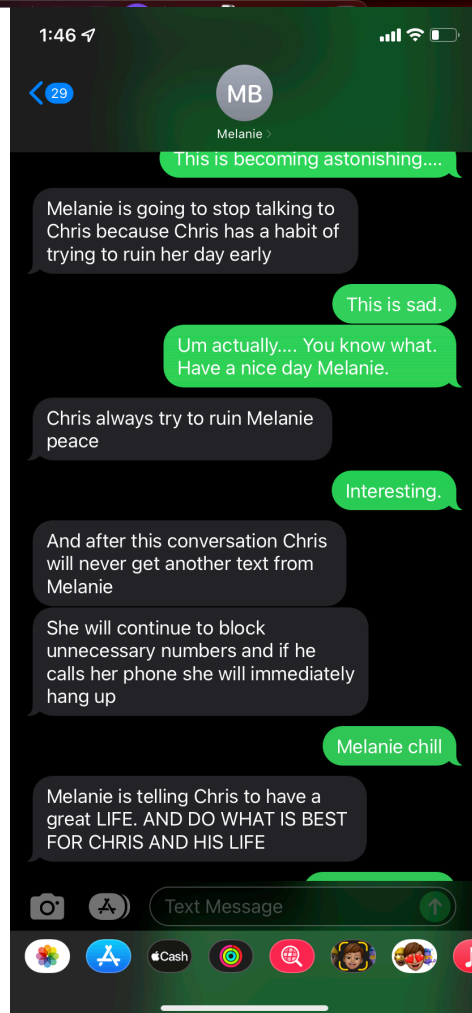

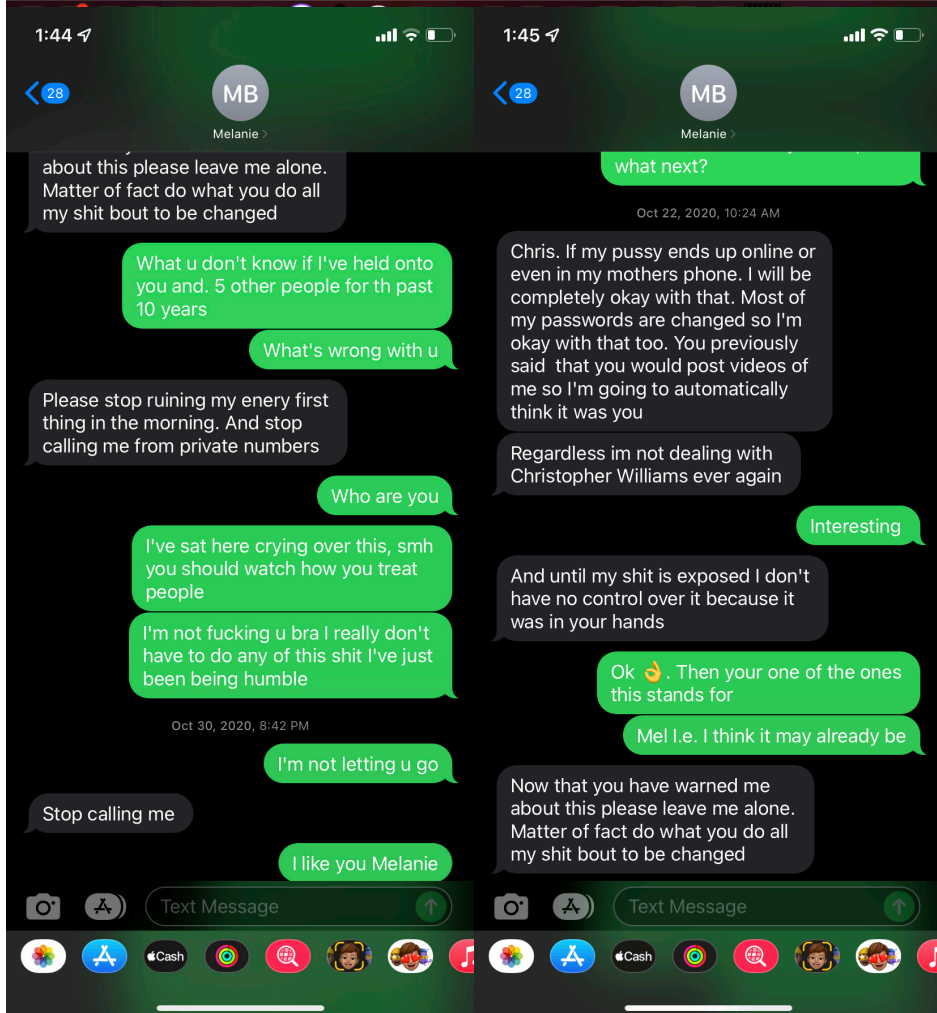

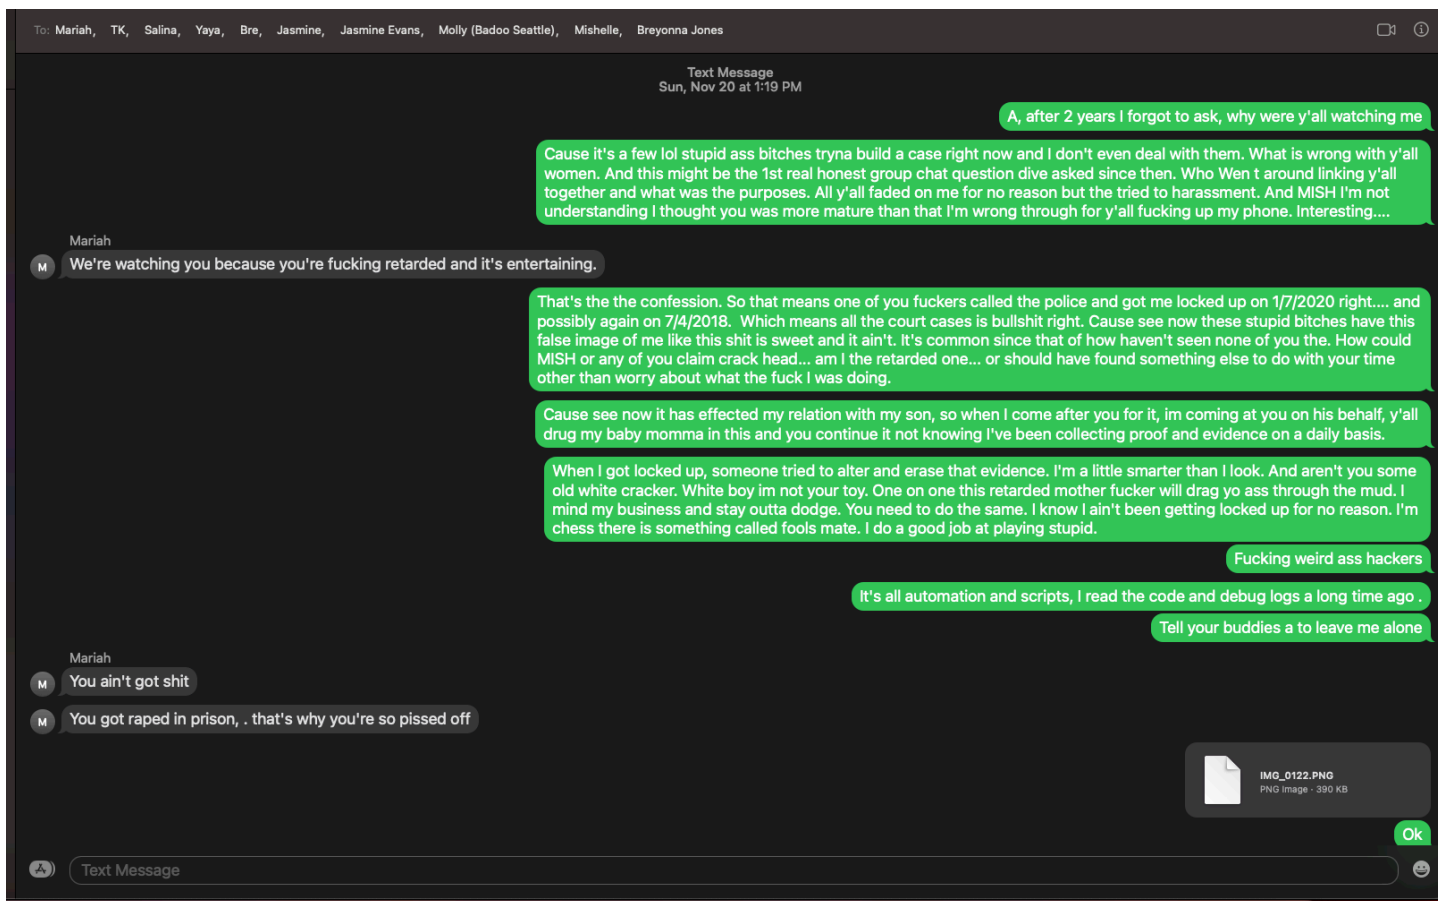

Every one claimed they werent aapart of it but they were. I wentbakand read some of my text an dthey dont make sinse. Ive eben tryign to tell poeple this. Shawty said they was fucki-gnme over, I jsut couldnt figutr out how. but they are playing mish.

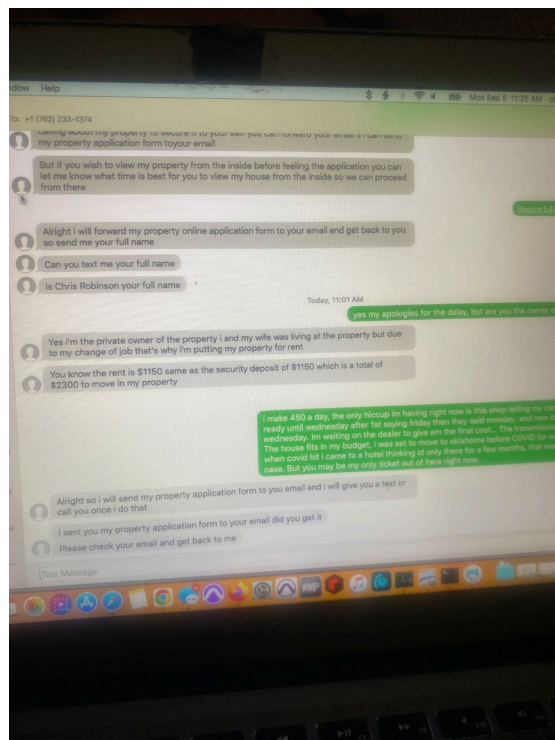

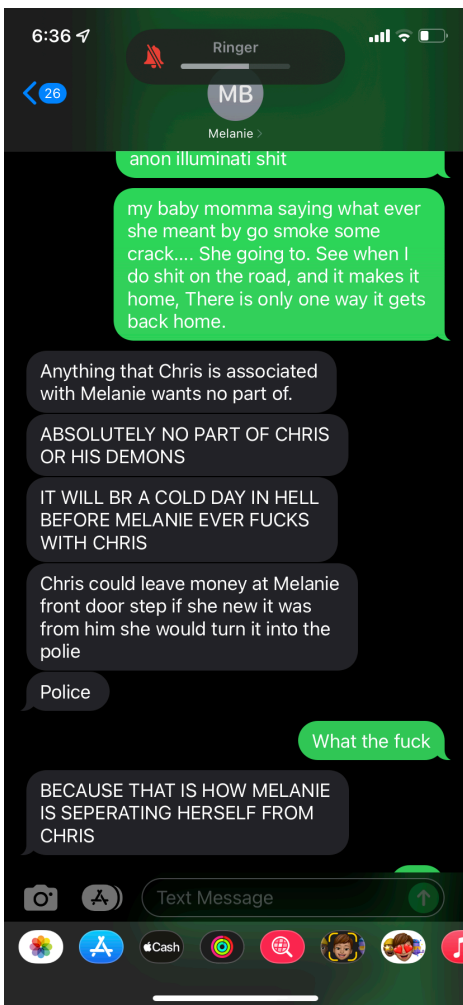

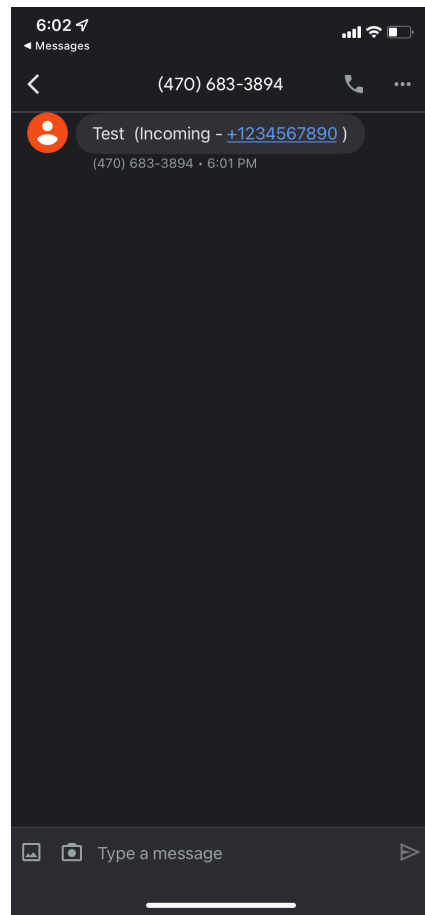

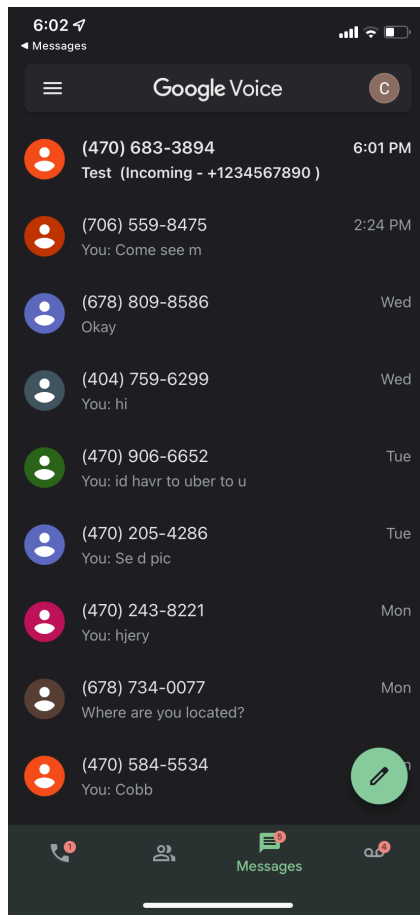

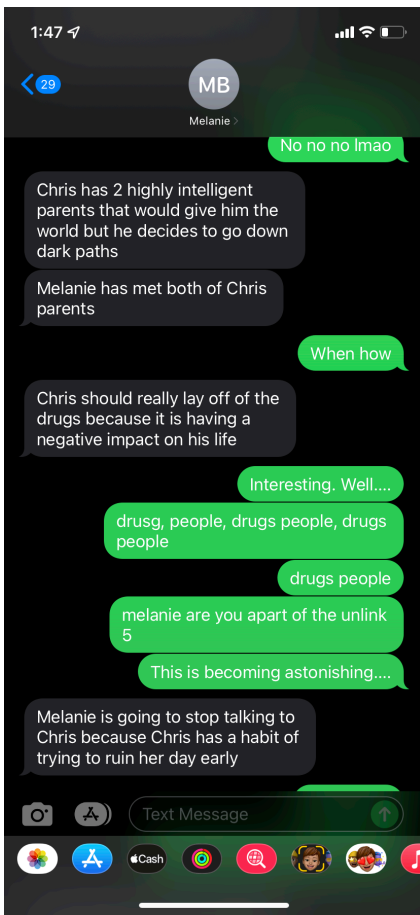

Them dots, they mean something.

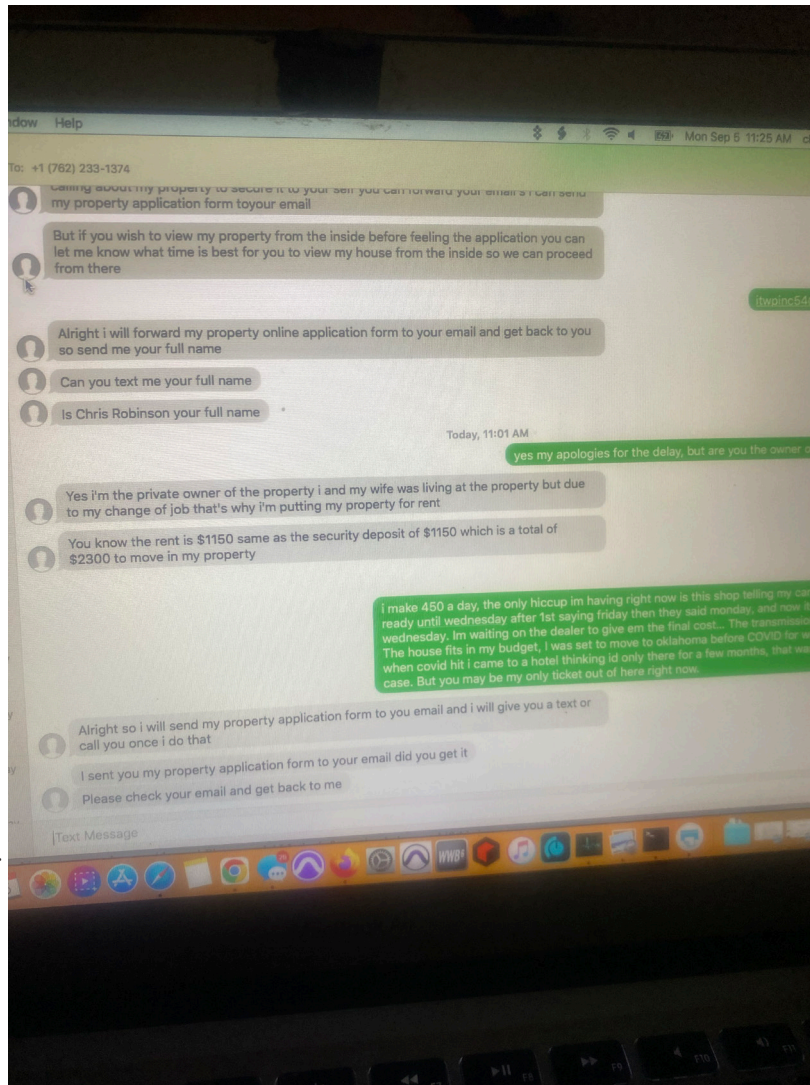

I dont really know how else to say this. But i was rocking last year. I was about to move out. I felt like things had become consistent. Every time mi finna move out something happens. The time before that was in february with Karisma. So this gay dud unfortunately has been trolling me i can tell because maria, brittany, possibly mish, and of and brianna. None to tell em straight between the lines, How his ties into all the job let me go was a learning experience gotta move on. But that I turn around this. its almost like someone and boom when i asked oari-my job. mish knew fox knew i lost my hold on wait a minute they are all in some where. while wasnt taking care of hats that's it. Well em they were com- lost with keith. So werent in on it at was what they sent, been smarter with it because ultimately it landed me around 45k. but then you have the trying to obtain a woman part of this. I chose brianna which was the wrong one to choose. she asked for money every time i'd hand on top of that was stealing money but i had to keep her around to understand what was taking place. she said i'm not the one that wants your money. Well then who does. She wouldn't say. From what i hear and understand there was a bunch of people in this. they are a team. Possibly rick, adrian, bri, princess, Brandon. So far i've confirmed these individuals. my baby mom had to be apart of it somehow. Because my son like uno. ill explain later.

So if we go we focus on the numbers so they say, 5 and 9. the numbers game adrina used to speak of. im not sure of what the game was supposed to be.. it wasn't until princes started saying she was on my aide and i was the victim that i understood what was going on... When i started getting hacked i didn't know what the fuck was going on. See the new people jumping in don't understand how long this has been going for, grab it no one is telling me what is going on neither.

In the beginning, or at least my beginning both adrian and jordan the esmr labor coor-

dinator sai dthey kiled my da becasue he talkled to much.. I said huh. Now i felt liek shit was wierd espo because wheni told jordan i neede to go home he was ok wiht it and he said i know your going to nees money soona nd blah blah blah. IM like huh. Well when they both said that im like ok so thissi some game the joba has going. Adrianwas alos able ot tell eme somehow i was lead before i eevnr knew i was lead. i looked at my phone at 4 am and thts when i got the text form jordan sayign iw as lead. I said hol on wait. When i wen tot work that moring i hecked my email. I notice thetheme was in the oild gmail 1.0 theme i sai dwhat the hell gmailaint looked liekthis in a minute. nect thing i knwo boom all my emails were gone, i said man hold up wait. I masw brian lead and i left.

Now here is the deal. I asked adrian what this was from. He said my women, and my past. I said huh. What woemn and what past. My seemd to think i todl every one about thepimp thing . Negative, I told filks i worked for. thats not some shit i tell everyone,.And wheni tell the storym i say uits nothign to glorify, Itns nothgin tor be proyud of. ANd it wasnt intentional. See i needed dmoney.the housrs at my job wwerent really fultime. well when mariah needed somehing, she offered to put gas in and give me food. which is why eshe thinks she made me. Byut un reality she didin, i was straaught befor ei went down there. See, mish agreed to come abck to atlanta in 5 years. I knew that was a lie so i took my ass down there.

Until this happened. So when i came I ahd to come bakc of course but from my understanding. mish told my pparents i needed to come back. Now whne i got back i staretd reach-iognout ot my old so called friends. MAtt and JA h jAh were the 1st two. They lived inthe same complex. Shortly after seeing them they both came at me sayign why did i tllthe other perosn about them or what they said or somehting like that right. Yeah, what eevr you say. I ssint think to much of it, But in 2019 this issue pops nback up again. Someoem texting frromt the phone. At

Port 123 Details

known port assignments and vulnerabilities

Port(s)	Protocol	Service	Details	Source
123	udp	NTP	Network Time Protocol (NTP) - used for time synchronization [RFC 5905]  Security Concerns: It provides both information and possible avenue of attack for intruders. Info gathered can include system uptime, time since reset, time server pkt, I/O & memory statistics and ntp peer list. If a host is susceptible to time altering via ntp an attacker can possibly: 1) Run replay attacks using captured OTP and Kerberos tickets before they expire. 2) Stop security-related cron jobs from running or cause them to run at incorrect times. 3) Make system and audit logs unreliable since time is alterable.  Vodafone Sure Signal also uses this port	SG
123	tcp	trojan	Net Controller trojan  Network Time Protocol (NTP), as specified in RFC 5905, uses port 123 even for modes where a fixed port number is not required, which makes it easier for remote attackers to conduct off-path attacks. References: [CVE-2019-11331], [BID-108010], [XFDB-159889]	SG

Keith, I still dont like you, but thank you sir. Many things have taken place. Things far beyond our control. Regardless of what someone did or didnt do intentionally, regardless of the pay amount or timing of which they come, UAV provides a way for people to get out of their environment and see something different. While Ive known you for a while, the last 3 or 4 months was an unforgettable experience to drive and see west cost. It has given me the insigh to at least take a stab at creating somehting for myself. I have to be able to tell my kids atleast I tried and I fought for them. I dont know what you know or dont know, a lot of wierd stuff took place and is sill taking. All i know is to duck dodge and turn and burn. Its 2nd nature at this point. Thanks bro. I take back 25% of what I said about you lol. Every thing we do in life is a learning lesson. If there was no lesson, then it had no purpose. And with out a purpose, end if.
